Re: Bi-annual Report of Non-public Investigations, Audits and Evaluations

Dear Senators Grassley and Coburn:

On April 8, 2010, you requested that Inspectors General “provide biannual reports on all closed investigations, evaluations, and audits conducted by your office that were not disclosed to the public.” It is our policy to summarize all audits and evaluations in our semiannual reports to Congress. We also provide a full-text copy of those reports on our website, with few limited exceptions. For example, we only provide a brief summary of our information technology vulnerability assessments and penetration testing to protect PBGC from those wishing to exploit the vulnerabilities. We also summarize significant closed investigations and report on all investigative activity in our semi-annual reports to Congress; this information is not otherwise on our website.

For the period July 12, 2013 through March 31, 2014 (the end of the most recent semiannual reporting period), we have nothing to report.

If you have any questions, please contact me by telephone at 202/326-4000 x3877, or by email at [stover-springer.deborah@pbgc.gov](mailto:stover-springer.deborah@pbgc.gov).

Sincerely,

Deborah Stover-Springer  
Acting Inspector General
