**SUBJECT:** PBGC FY 2024 Vulnerability Assessment and Penetration Test Report  
(Report No. SR-2024-10)

I am pleased to transmit the restricted disclosure report detailing results of the vulnerability assessment and penetration testing of PBGC's network performed in conjunction with the FY 2024 financial statements and Federal Information Security Modernization Act (FISMA) audits.

This report presents the technical results from our contracted independent public accountant, Ernst and Young LLC, who assessed the PBGC network for weaknesses that may allow employees or outsiders to cause harm to or impact PBGC's business processes and information. It includes no formal recommendations as they will be consolidated and presented in the FY2024 FISMA report.

We appreciate the cooperation received.
